

"Wild & Crazy Queens Relay Races!"

Hungry Human Hippos

Supplies: Rolling dollies or mechanic creepers, Small totes or Laundry Baskets and Plastic Ball pit balls (lots of them!) Teams of two. One player on the dolly on their belly. Balls in the middle of the room. You have to push your player to the balls and they grab as many as they can under the totes/laundry basket and pull them back to your corner. Winner is the team with the most balls in their corner.

Sit on it! (Balloon Pop)

Inflate enough balloons for each player. Have your team members line up in rows and place an empty chair opposite each row a good distance away. Give each player an inflated balloon. Team members race one at a time to the chair, sit on their balloon and pop it, then run back to their team so the next person in line can repeat the process. The first team to pop all their balloons wins.

Toilet Plunger & TP Race

Place a toilet plunger between your legs. Teammate places a roll of toilet paper between their legs. Plunger runs down to partner, gets TP on plunger handle and runs back to next person in relay. TP is tossed back to next team partner. Repeat.

Two-Player Balloon Run

After dividing your group into teams, have the members of each team pair up. You can let them pick their own partners or assign them. However, make sure you explain the object of the game is to run an obstacle course holding a balloon with the sides of their heads, so it is best to choose someone the same height. Either set an amount of time to complete the course or declare as winner the first team to do so successfully.

Necking-the-Orange

Divide your group into two teams and have them stand in a line. The first person in each line holds an orange under their chin. The object of the game is to pass the orange down the line to the last person without using hands by holding the orange under the chin. When the orange gets to the end of the line, you can end the game, or continue by having the last person run to the front and start over again.

Junk in the Trunk!

Jump the Ping Pong Balls out of the Tissue Box

Run a rope through a tissue box, tie it around your waste, put in a dozen ping pong balls and hop until all your balls are out. First one empty wins!

Balloon Hop

Each Player is given a balloon. Place it between your knees and hop to the finish line. Do as a Relay – Down and back, handing off to next player until all are finished.

Pass the life-savers

Make two lines. Using toothpicks, you pass the life-savers from player to player. Don't poke your eye out!

Panty Hose and Oranges relay

Put an orange in a panty hose. Tie it around your waist so it is not touching the floor. Hit an orange on the floor from one end of the room to the other and back to your waiting partner. Winner is first team to finish.

Pong Ball Bounce

Bounce pong balls into solo cup. Get three in to move on to next player in relay.

Cookie face

Sit down in a chair. Place an Oreo on your forehead. Without using your hands, get it to your mouth. Next player can't start until you get a cookie in your mouth.

Solo Cup Shooting

Shoot Solo Cups with rubber bands to knock them off the table, relay style.

Magic Carpet Rides

Scooch across the floor on a carpet (Fabric Square) racing your opponent. *If we get Dollies, we can do this with them.*

Pink Elephant

Take plastic slinky (full sized) and attached it to your forehead using a head band. Let it dangle while leaning forward and attempt to stack it on your forehead by tossing your head back and letting it land.

This Blows

Using balloons, blow cups off table. First table to clear their cups wins. Can use straws for this too, instead of balloons.

Solo cup Pyramid Race

Race to stack cups in a pyramid, then race to take them back down to a single stack. Relay style.

Hula Hoop Pass

Supplies: One hula hoop for each team

Divide the group into two teams (or more, if you have a lot of players). Loop a [hula hoop](#) over one player's arm and have each team join hands to form a circle. Without letting go of the other player's hands, the player with the hoop must step into and through the hoop, so it rests on their other arm.

From there, the player must slide it onto the next player's arm, who repeats the same maneuver. Whichever team can pass the hoop all the way around the circle first wins.

Variation: Have teams stand in a straight line instead of a circle.

Banana Relay Race:

Lay on your back, head to toe in a line. Pass a banana only using your feet. Make two or more rows/lines and do as relay race.
